INVITATION LETTER

Dear colleague,

we are cordially inviting you to take part in the Summer Academy 2017, a teacher training course which will be held in Kalamata, Peloponnese Prefecture in the south of Greece, from July 9 to 16 2017 and will be organized by the Education Office of Peloponnese via its Elementary Education Office of Kalamata under the umbrella of the ecoMEDIA European ICT Network. The training course pertains to ICT use in Education on a European level and focuses on three (3) modules: a Learning Management System (**LMS**), a simple computer programming language (Android) and Educational Robotics. Specifically, the modules which are going to be taught are as follows:

- Creation of "digital lesson plans" with LAMS software (LAMS) (LAMSfoundation.org)
- Programming for Android phones or tablets with App Inventor 2 (App. To be used in combination with recipes for traditional foods during the seminar)
- Introduction to Educational Robotics with Lego Mindstorms Practical workshops.

The specific teacher training course will constitute an opportunity for European teachers of various specializations to update and further discuss their teaching practices while at the same time they will be able to share their experiences in innovations in New Technologies, a significant key competence according to EU as well as an essential 21st century skill.

This invitation letter can be attached to the application for mobility funds to the National Agencies in key Activity (KA) 1 of Erasmus+, the programme of EU for Education and Training (2014 – 2020)

Head of Directory of Primary Education of Messinia

Dr. Dimitrios Ekonomopoulos
